millstone around his neck. Judge MILLER, keeping pace with majority.

# A Plan of Cooperation That Fatie.i.

Another plan for centralization or consolidation, whichever may be the proper word to describe this new alea of economic combination, has falled in the old Bay State. Last month officials of the six southeastern counties Barnstable (Cape Cod), Dukes (Martha's Vineyard), Nantucket, Plymouth, Norfolk and Bristol, met the Massa chusetts State Commissioner at Plymcentral Jail or some consolidation that before them.

They declared that in their respec tive balliwicks everything was serene and prodigal than ever before, the cranberry bogs were promising, and all the other industries were prospering with the single exception of the fall business. The bottom had dropped part of the world, is no surprise. out of that to such an extent that in From Greenland's icy mountains to all the six counties there were not India's coral strand the cry is for prisoners enough decently to fill the coal. But with all the opportunities

fall of one of them. There seems to have been a very general slump in this respect through- of sending the fuel needed at the port out the whole State in the last year. of Copenhagen is unparalleled. A recent report shows that in eight years there had been a drop of almost sition as a port of entrepot command-50 per cent, in the number of persons ing a large histerland in Sweden, Pounder sentence in the jails. But the six southeastern countles were apparently hit the hardest. In Dukes and advantage gained in the recent loan Nantucket countles, with a combined flotation by keeping Danish induscell capacity of twenty-two, there was trial facilities alive through supplying not one jall inmate. Barnserble, with them with fuel. Copenhagen in a s well equipped county bastile, entertained only six prisoners under sentence during the year, and Bristol as a free city and port of entrepot county, with 374 cells, could make an trade, annual showing of only fifty-seven. The tabulated reports disclosed that these six countles, with 678 cells at she needs 200,000 tons of coal a month, their command and having in the past sometimes furnished accommodation must be imported. Before the war she during the year to as many as 2,000, obtained this fuel from Germany. The could show no more than 130 prisoners
